

LE BLANC

ORIGIN Vin de France

VINTAGE 2023

BLEND Piquepoul (93%), Terret Blanc (4%), Ugni Blanc (3%)

VOL. 12,5%

Simply put, the 2023 vintage of Le Blanc drinks like sunshine in a glass. Star bright to the eye, this wine, bursting with character, is crafted from organically farmed (ECOCERT-certified) fruit harvested from sun-drenched southern France. Each grape variety is destemmed and vinified separately in stainless-steel tanks before blending, to preserve the juice's natural freshness and aromatics.

On the nose, you'll enjoy expressive aromas of ripe stone fruits, apricots, canned peaches, and a delicate hint of melon. These pave the way for a palate brimming with juicy pineapple, peach marmalade, tangerine rind, mandarin, and a subtle touch of sea salt. This flavor-rich wine is an ideal companion to a wide array of apéritif bites, from creamy cheeses and fresh seafood to salty potato chips. The 2023 blend comprises Piquepoul, Terret Blanc, and Ugni Blanc grapes.
